ABOUT US

Video is the most important medium of our time. It has become the center of all digital content: to tell stories, spread news, and as the core of digital brand marketing. After the age of large players such as YouTube, Facebook and TikTok, the global media landscape now demands diversity, innovation and independence.

The ShowHeroes Group is Europe's leading independent provider of video solutions for digital publishers and advertisers. The company was founded by Ilhan Zengin, Mario Tiedemann, and Dennis Kirschner in 2016 and employs more than 250 people worldwide with headquarters in Berlin and offices in Madrid, Milan, Moscow, New York, Paris, as well as in Riga and Stockholm.

Since its inception, the ShowHeroes Group has grown both organically and through mergers and acquisitions. According to Deloitte, it is one of the 50 fastest-growing technology companies in Germany. In addition, the group was awarded the "Technology Fast 50" prize in 2021.
